

Eden District Municipality ready for the Skills Summit

Tuesday, 30 January 2018

Last Updated Wednesday, 31 January 2018

Theme - "Bridging the Skills Gap for Investment and Economic Growth"

Eden District Municipality, in collaboration with Western Cape Government (the Office of the Premier), South Cape Economic Partnership (SCEP) and B-Municipalities in the district, will be hosting an Eden District Skills Summit. The Summit will take place as follows:

Date: 1 February 2018

Time: 08:00 for 9:00

Venue: George City Hall, (York Street, George)

Background and purpose of the Skills Summit

South Africa is currently challenged with a slow growing economy, which has had a direct effect on job creation, especially for the youth. The disastrous fires that raged through the Knysna and Bitou Municipal areas during 2017, further complicated this challenge.

Consequently the Eden District Skills Summit has been scheduled to identify and address the shortage of skills. The Premier of the Western Cape, Ms Helen Zille, will deliver the keynote address with much emphasis on the Garden Route Rebuild Initiative (GRII) which has to date, played a major role in reversing the effects that the June 2017 fires had on the region. Delegates from Municipalities in the Eden district will attend the event, they include: Executive Mayors, Councillors and Senior Management, academic institutions and various other key partners.

The Garden Route Investment Conference (GRIC) will follow soon after the Skills Summit and is scheduled to take place on 7 and 8 March. The aim of the GRIC is to attract national and international investors by showcasing the investment potential and opportunities that the region offers. Skills development plays a key role with regards to Investment and the information gathered at the Skills Summit will form part of the discussions at the GRIC.
